A Successful Aging Plan
“On Your Terms”

Aging in Place is the ability to live in one’s own home and community safely, independently, and comfortably regardless of age, income, or ability level. Source: CDC

Successful aging extends beyond physical health; incorporating cognitive function, social support, and satisfying life experiences.

Maintaining Independence While Being Pro-Active

No one looks forward to an unexpected personal or medical situation that catches you off guard; which can be costly, time consuming, complex, and overwhelming.

The time to plan for your aging is now, while you are still healthy, active and able to make decisions on your own.

A personalized “Successful Action Plan”, can help prevent unexpected events from turning into a crisis, which have the potential to negatively impact on your health, safety, independence, and quality of life.

Planning Now For Your Future

One thing we can all be sure of is we’re aging, and with aging comes challenges.

- Not all problems occur as a crisis, but evolve in a series of warning signs spanning weeks, months, or even years.

- While most seniors are healthy and function at a high level, it’s inevitable that as we age, issues will surface related to our independence.

Don’t Become a Statistic

Are you one of the 78% of Americans who are unprepared should a medical emergency strike?

According to the File of Life.org

- 116 million Americans are involved in an accident each year
- 50% of people suffer with chronic illnesses such as high blood pressure, diabetes or asthma
- 58% of all 911 calls involve a senior

Don’t Wait for a Crisis – Plan Now

Creating a Pro-Active Road Map

Our “Successful Aging Action ” Program helps evaluate your current life situation, and creates a road map that addresses your current needs, while preparing you for potential future challenges.

Our strategies focus on health and mental health, case management and advocacy, home safety, transportation, and advance care planning to name a few.

Some Areas We Explore

- Do you want to remain in your home?
- Are you eligible for state/federal benefits?
- Do you understand Medicare benefits?
- Are you and your family prepared for a medical emergency?
- Do you have Advance Directives?
- Do you have Long Term Care Insurance, and understand your policy benefits?
- Are you aware of area transportation?
- Do you understand CT homecare services?
- What case management & advocacy services would benefit you?

References available upon request.
